Who is doing this to us? Globalist forces can only prosper if they can crush the United States and other constitutional democracies, destroying freedom-loving, God-fearing, individualistic, and patriotic nations. The globalists have declared that they are limited in their world conquest only by the patriotic constitutional democracies who will refuse to give up their sovereignty to a New World Order, new world governance, or Great Reset.

THE GLOBALISTS ARE WRECKING WESTERN CIVILIZATION TO DOMINATE THE WORLD.

Each of the catastrophes listed above, from “Inflation” to “Crushing Freedom of Speech, Assembly and Religion” is generated or managed by a combination of global predators, some masquerading as idealistic progressives and capitalists, but united in gaining more wealth and power through exploiting and controlling all of us. These predatory globalists include the leadership of both the new Democratic Party and the old Republican Party, collaborating with the top world billionaires, all the top tech companies, all the top international corporations, multiple other institutions—nearly all of them actively invested in or allied with the Chinese Communist Party and The World Economic Forum’s vast network.

YOU CAN HELP TO FIGHT BACK IN THESE WAYS:

- Copy and distribute this flyer. Be like the pamphleteers of the American War of Independence and spread the news by hand, distributing or placing flyers wherever you can and handing them out on the streets. Almost anyone can do this. For free PDFs, go to www.Breggin.com.
- Take it on yourself to create local, wholly independent Peaceful Assemblies for Freedom and also distribute these flyers. Break the fear that has kept us from peacefully assembling for freedom ever since January 6, 2021 with the illegal imprisonment and tormenting of our people. There is no national leadership needed for the Peaceful Assemblies of Freedom—do it yourself locally in every town and city.
- Create groups to discuss the subjects of this flyer and other freedom issues or projects.
- Vote for people who will put your nation first, anti-globalist genuinely conservative and libertarian candidates. Support their efforts during and in between elections. Contact any politicians you favor and ask how you can volunteer by phone or computer regardless of where you live.
- Go to www.breggin.com to download PDFs of *Freedom Flyers* for distribution.
- Go to the **sponsor websites** to learn more about global predators and fighting for our freedom.

More Freedom Flyers to come.
